Dear Bill,

I wanted to take a moment to tell you how grateful the partners at FMHC are to you for all of your efforts related to our acquisition of MDM Construction. While you certainly filled your role as an advisor in the process; to limit the description of your duties to that simple title, is a horrible understatement. As always, one of the guys from Promontory stepped up and did whatever it took to get the job done for us. If not for your creativity and drive to facilitate all of the parties involved to get the deal closed, I am sure this deal would have died on the vine. Thank you for all of your hard work, and we look forward to working with Promontory Point on our next business venture.

Best Regards,
