We had the great pleasure of working with Promontory Point Capital and highly recommend their services. Every aspect of the sale of Color Putty Company was made smoother with the professionalism exhibited by PPC.

Working with Chris and Edward was such a rewarding experience; their immense knowledge and expertise guided us through the sale of our company with ease. Always available, they focused on our specific needs in a timely and efficient manner to get the deal closed.

Chris and Edward delivered the results we expected and went beyond in every aspect of the process. We couldn't have asked for a better team of people to work with. It is with gratitude that we were able to find a perfect fit so our company can continue to grow with its new owners.
